SECTION 4: First aid measures

4.1. Description of first aid measures

General information

Remove contaminated soaked clothing immediately. Take away from danger area and lay down affected person.

Revision date: 09.11.2015 Revision No: 1,1 Product code: 00359-1177

After inhalation

Move to fresh air in case of accidental inhalation of vapours or decomposition products. Keep warm and calm injured person. If patient is not breathing, apply artificial respiration. Seek medical treatment immediately.

After contact with skin

In case of contact with skin wash off immediately with soap and water. Do not use solvents or thinners.

After contact with eyes

Remove contact lens. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Seek medical treatment by eye specialist.

After ingestion

Do not induce vomiting. Rinse out mouth and give plenty of water to drink. Never give anything by mouth to an unconscious person. Summon a doctor immediately. Induce vomiting only upon the advice of a physician.

4.2. Most important symptoms and effects, both acute and delayed
